1. 1965 Ford Thunderbird. In a striking, airbrushed, custom paint job. 1965 Custom V8 Ford Thunderbird on Air.

The fourth generation Ford Thunderbird is a large personal luxury car produced by Ford for the 1964 to 1966 model years. This generation of the Thunderbird was restyled in favor of a more squared-off, "formal" look.

This particular Thunderbird is fitted with a no expense spared fully independent air ride system by Ride-Tech, she can cruise down real low or ride high at the push of a button on the easy to use, high tech electronic hand held controller, you can also park her in a variety of positions.

This beauty is powered by the Mighty Ford 390-cubic-inch, 300 hp V8 engine and 3 speed auto which is silky smooth, powerful and has that addictive deep V8 burble.

The structure and body are outstanding in every respect, the paintwork is nothing short Museum worthy, it's the most professional job I've seen for a very very long time, the craftsmanship in this car is an absolute credit to it's previous

owner a true show stopper! The pictures do not do this paintjob justice!

Inside she has all the usual Thunderbird refinements and is in glorious condition throughout as you can see.

The sidewinder exhausts, shaved handles, the stance thanks to the air ride and of course that paintwork make this a truly out of this world T-Bird.

£16000-£18000

2. 1987 Burgundy Fiat 126 powered by a ZZR1100 Petrol engine which pushes 140 BHP... this quirky little car has had a full respray a year ago, uprated brake discs and suspension, steering wheel present, aftermarket Speedo, This car currently does not have a reverse, however there is an electric reverse available after market. MOT until March 2024 there is no mileage gauge on this car. this speedy little car has a improved cooling system which includes a new triple core radiator and formed plate to channel air from under the car.

5. 1955 Cadillac Fleetwood Limousine 1955 Cadillac Fleetwood · Sedan · Driven 46,000 kilometres

Absolutely outstanding 1955 Cadillac fleetwood Limousine.

This Stunning vehicle has the reputable 331cubic inch 250hp Cadillac V8 mated to the silky smooth hydramatic auto box which effortlessly propels her along, she's only covered just 46,000 miles and is a numbers matching car.

She's ultra reliable and starts on the button even after being parked for periods of time, she's absolutely solid throughout.

She has new Front brakes and cylinders fitted. New manifold gasket fitted. New carpet throughout. The power windows work, even from rear seat switches, (one new mechanism on order) all

lights work as they should.

The interior is beautiful, seats carpet all magnificent as you can see.

There are a few age related marks around the body but she is in lovely condition throughout, the paintwork gleams in the sun and obviously she is an absolute pleasure to drive.

There is some lovely provenance along with the vehicle.

17. 2006 red Audi A4 Avant S-line.

This Audi estate is a great combination of sport and convenience. Boasting a 200hp 2.0L inline 4 16v petrol engine mated to a 6 speed manual gearbox giving you the punchy sports car experience along with 5 doors, 5 seats, 500+ miles of range and over 440L of luggage capacity giving you the spacious family experience. As an 18 year old car with 145915 miles on the clock, this car has only done on average 8,100 miles per year! When you couple that to the 15 MOT tests the car has passed, never with a failure, this car is a well looked after future classic. It's current MOT has nearly a year left not being due until FEB 2025. As a factory S-Line this car comes with some wonderful extras including the extraordinary Audi BOSE audio system and B-pillar backwards rear tinted windows. On top of all that this Audi is still ULEZ compliant so will make the perfect daily driver. The alloy wheels will need refurbishment or replacement for cosmetic appeal but currently work perfectly well wrapped in 235/40/18 tyres with plenty of tread left, meaning this car is ready to drive away.
